JL:Re chapdelaine's 2/7: if you haven't had occasion to write, as I mentioned earlier, please include and explanation in answer to this one that tells him why I did not supply and affidavit and that if one is prepared in proper form and accurately, as you have not had time to do, I'm more than willing to be helpful. If he and the lawyer knowmy limitations as of now it will be easier for them to see. As they do no know, I believe strongly that all decent interests are served by lawyers not being able to get away withm what the Bailes do with impunity. Best HW 2/12/76
